

Summary list of titles and references harmonised standards under Directive 2006/42/EC for Machinery

The summary list hereunder is a compilation of the references of harmonised standards which have been generated by the HAS (Harmonised standards) database. This IT application HAS automates the process of the publication of the references of harmonised standards in the Official Journal of the European Union.

Although the list is updated regularly, it may not be complete and it does not have any legal validity; only publication in the Official Journal gives legal affect.
